

Special Milk Program

The Special Milk Program provides reimbursement for milk served to children in programs where they have no access to lunch either through the National School Lunch Program or the Child and Adult Care Food Program. These programs include half-time kindergarten programs in schools, child care organizations not offering any other type of meal service, and summer camps for children. The total reimbursement for the Special Milk Program in school year 1998-99 was \$22,838.
